

# Study Guide

## Chapter 4

Prayer: A Passionate Mom will pour her passion into prayer because she trusts that every detail of her child's life is in God's hands.

1. Is prayer currently a consistent part of your life? Do you use prayer to help discern what you should do as a mom?
2. Do you spend a significant amount of time in “the circle of fear” as a parent? If so what fear usually drives you there?
3. How does our desire and faithfulness to pray for our children reveal how fully we are ultimately entrusting them to God?
4. Do you ever feel lost in your prayer time, as if you have so much on your heart and mind you don't know where to begin? Have you ever tried praying as Nehemiah prayed (thinking through your prayer in categories: adoration, confession, thanksgiving, supplication)?
